

CHRISTIANS AS A PIPELINE

Leader's guide: Bi4-3

Lecture time: 11 min.

Discussion time: approx. 15 min.

Leader's Oral opening Comments

- "The bigger — the better" Let us discover what that means.

Leader's Oral closing Comments

- "The bigger — the better" Well, do you believe it?

Discussion instructions

- After the lecture finishes, instruct everyone to remain in their seats. For this discussion they will not break into small groups. You will lead the discussion from the front.
- *Please note:* This is a motivational lecture. You have a great opportunity to present your students with a strong challenge, but your success will depend on how well you know the lecture and the discussion questions so that you can guide the discussion in such a way as to bring the challenge home to their hearts.

Prayer instructions

- At the close the lecturer suggests for those who desire to do so to kneel down and dedicate themselves afresh. You will do well to actually practice this with your group immediately when the lecturer suggests it. Then follow up personally later in this session.

Pass-out material instructions – have you prepared them?

Practical assignments

- A list of practical assignments is not provided for this lecture. However, it is strongly encouraged for you to develop several assignments that would be peculiar to your local situation and that would benefit your participants' ministries.
- My Plan is:

Special adaptations for unique groups

- Think about the special adaptations you need to make for special groups

DVD lecture

- The lecturer asks who leads a *Basic Christian Life* group. You should **stop the video** and ask that question. Have the audience participate in the lecture (s) as much as possible. Then proceed with the lecture.
