

COUNT YOUR BLESSINGS

Leader's Guide: FK4-3

Lecture time: 48 min.

Discussion time: approx. 30 min.

Lecture instructions

- Lecture FK4 is an amazing personal testimony from a Godly brother. Give this lecture orally and use personal illustrations from your own family life.

Leader's Oral Opening Comments

- Do you desire to physically see God doing special things in your family regularly, weekly even? Let us listen to this lecture and respond to the nudging of the Holy Spirit.

Leader's Oral Closing Comments

- Let us attempt to understand the Bible in a deeper way and respond wholeheartedly the way the Bible teaches rather than what the world teaches.

Discussion instructions

- Stay together and lead a Large Group Discussion.

Prayer instructions

- Give each person a copy of this lecture and let the men choose their own topics for prayer.
- Another option is to call out a topic and let various men lead the whole group.

Pass-out material — instructions

- Pass out the full lecture prior to the prayer time.

Practical assignments

- Tell the men and do it yourself! Get personally ready now. Have a financial discussion with your wife. Make time each Sunday to analyze the Lord's goodness to your family. Bring it to the next seminar to report to the men how it has been working for you and your wife. Be honest, share your hard items, your downfalls as well. Remember these are participation seminars. The lectures themselves will accomplish little. Success lies in how you model it and in how the men apply it at home. (Review "second blessing" in the manual.)
- After you are successful share it with the men. Encourage the men to let their wives read this lecture and then have an in-depth discussion about it.

Special adaptations for unique groups

How excited are you about receiving more blessings from the Almighty? Depending on your excitement you want to share this personally many times with other families independently
