Lecture time: 43 min.

Discussion time: approx. 40 min.

Lecture handling instructions

- For this lecture obtain a **real** road sign on a post as illustrated under 'Supplemental Materials'. Set this sign in front of your group.

Leader's Oral Opening Comments

- At street crossings we often see a set of 3 lights. The yellow is a warning sign — slow down, stop! When you have 'the green light' you can proceed again. The yellow comes as a warning to help us avoid the 'red' disaster one. Today I offer 'yellow warning signs for your ministry. These signs are given to keep you from disasters and on the right road, to help you learn from the successes and failures of those who have gone before you. Take them to heart and avoid the 'red' crises moments in your ministry.

Leader's Oral Closing Comments

- Use the conclusion of the lecture and apply it right now with your followers.

Discussion instructions

- Form 2 groups. Separate those men that are administrators from the others and make a special group for a more targeted and practical discussion.

Prayer instructions

- Have the men discuss, share, pray in teams of two, and fill out their forms while they are at it.

Pass-out material instructions

- For Prayer provide a copy of the Practical Assignment to each person.

Practical assignments

- This is a very good assignment. Encourage your protégées to do it.
