

SELECTING AND TRAINING FAITHFUL MEN

Practical assignment

Completed

Part 'I' — Following the first part of this lecture: Selection and Prayer

- Meet with your pastor to evaluate what role you can play in the training of faithful people in your church ☐
- Select people for further training with CBLT
 - 1. Pray for God to give you insight regarding whom to choose. ☐
 - 2. Review the qualifications. ☐
 - 3. Be alert for indications of faithful men. ☐
 - 4. Select an appropriate number of people to do a course with (5-10). ☐
 - 5. Individually approach those you have selected and invite them to study with you. ☐
- Make a calendar showing how you are making time to train faithful men, and bring it to the next conference ☐

Please note: Even though both Jesus and Paul had capable women who were actively involved in their lives and ministry, they spent their time discipling men, even though those men might not always have been as capable as the women. The principle that we see in the Scriptures is that God made men to be the leaders. For this reason we recommend that men disciple other men, even though the women are often more capable and willing

Part 'II' — Following the second part of this lecture: Follow-up with 'A' and START A GROUP ☐

Then contact your CBLT leader and report!
